DEC Memo: "Prior to Sept, 2004 data translation this spill Lead_DEC Field was SANGESLAND sent TTF letter 11/4/05 I spoke with the consultant after reviewing the soil data and indicated that one groundwater sample just below the tank location should be obtained and submitted. Jim Lister 1/20/06 I spoke with the consultant, Kevin O'Connor of Action Environmental (516-781-3000) and indicated that the gw sample indicated standards violations for the same semivolatiles that had been a problem in the soil, chrysene and benzo(b)Flouranthene. I indicated that maybe the temporary well hadn't been installed properly or not developed properly but that I would leave it to him to decide if another well should be installed or soil needs to be removed. He will get back to me. Jim Lister 06/01/06-Hiralkumar Patel. Left message for Kevin. 06/02/06-Hiralkumar Patel. Received message from Kevin. Left message for Kevin requesting lab results for soil and groundwater samples at site with site plan including sampling location. 06/05/06-Hiralkumar Patel. received message from Kevin (Cell: 516-236-7468). left message for Kevin. 06/06/06-Hiralkumar Patel. REceived fax from Kevin, contains report. abstract of letter report: - two 550 gal USTs were filled with oil

once and never used. - tanks were full at the time of removal - tanks had failed a test due to the fact that one of the bung holes at the top of the tank was not properly closed. - at time of removal neither tank had any holes and the piping was in good condition - there was no odor and no signs of contaminated soil - two end point samples taken (1 bottom and 1 side walls) - little exceedence of SVOCs noted in samples - groundwater sample taken later - little exceedence of SVOCs found in water sample based on available information, case closed. 06/19/06-Hiralkumar Patel. Received call from Kevin. he asked to send NFA at following address: Otsar family services 2324 west 13th street brooklyn, ny 11223 sent NFA to above address. faxed letter to Kevin(FAX: 516-781-3085)."
